“ We recently used TRANSHouse simultaneous translation services for the 2nd Session of the IRENA Assembly. As the conference officials, we had to ensure every detail went according to plan as there were high level VIPs and international official delegations present. We received only the highest praise and positive feedback from their translation and management services during the conference from our prestigious visitors. We are extremely pleased with the services provided by the TRANSHouse team.”

Dr. Thani Al-Zeyoudi, Director of Energy and Climate Change (DECC) within the UAE Ministry of Foreign Affairs

“ We are a heavy user of TRANSHouse to translate our news releases from Arabic to English on a daily basis. As a government entity, we have a significant need to bring our stories to the market with very little turnaround time. The translation team provides impeccable content to us in a short amount of time without compromising the quality of the English content. They are also available to us at a moment's notice due to the nature of our work; we know we can rely on them when it matters the most.”

Tactical Affairs & Media Security Department, UAE Ministry of Interior

We are the interpretation service of choice with sought after services by multinational and official organizations such as:
